Art Unit: 1746

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-11, 14, 16, 18 and 19 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Gelfand et al.

Re claim 1 and 11 for example, note that Gelfand, discloses a washing machine, comprising: a housing (12,14), a conveyor (34) disposed in said housing and constructed for suspending (via element 38) goods therefrom for moving goods in a circulation in said housing, a suds application device (58) at least partially disposed in said housing for applying suds to the goods; and a cleaning device (42) at least partially disposed in said housing for removing dissolved dirt from the goods. In regards to the preamble and/or the intended use for washing laundry, please note that the same has not been afforded the effect of a limitation in that the body of the claim fails to recited any structure that would limit the machine for cleaning laundry only (see MPEP 2111.01).

3. Claims 12, 13, 15 and 17 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

4. Applicant's arguments filed August 31, 2004 have been fully considered but they are not persuasive. In regard to the remarks on the Gelfand reference discloses a

dishwasher, please note that the claim although recite laundry, there is no limitation on the claims that would limit the device for cleaning laundry only.

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
